

Prospective Member Checklist

05/23/19

Name: _____

Introduction

Our membership process is designed to support prospective new members in gaining substantial understanding of Heartwood's [Vision, Values, Interpersonal Agreements](#), our operating structures and processes, and what you can anticipate day-to-day life within the Community to be like.

Upon completing this Prospective Member Checklist (PMC), it is anticipated that YOU will be able to make a much more informed choice as to whether or not Heartwood is the right place to live, for you (and your family, if also present). At that point, the choice is YOURS, that is, you *self select*: Yes, I/we want to live here and become active members of the Community; or No, now I think that maybe it's not quite right for me.

The "status" of Membership implies *both* completion of the PMC *and* actual residency at Heartwood (or home or lot ownership); someone that has completed the PMC but has not moved in, has one year to do so; those who do not move in within one year of completing their PMC, must do so again.

Those *exploring* life at Heartwood through a rental of not more than 90 days, may do so without being a member, *however*, anyone in the status of exploratory rental *must* immediately begin the Prospective Member Process and PMC upon the first intention, anticipation, or reasonable likelihood of staying longer than 90 days.

For those *intending* to be longer term resident/members, the status of exploratory rental is not intended to be a side-door around the timely completion of the PMC; exploratory rentals are for a) seasonal guests, and b) those who truly do not know what their intention or status will be, 90 days hence.

To become a Heartwood member, please print out this PMC and fill it in as you complete the various requirements. One PMC is required per adult in the household. You must complete the PMC in good faith and return it to the Membership Team. Once the Membership Team has reviewed your completed PMC and found all elements to be complete, and you are comfortable with joining the Community and you choose at that time to do so, you will become a member of the Heartwood Community upon your move-in.

The Membership Team may decide to waive, modify or extend certain requirements due to extenuating circumstances, so long as you have completed the majority of the process, and are able to give full and careful consideration to becoming a member.

*** Please note that the numbering of action steps below is NOT intended to suggest a sequential order of completion; please explore and complete these requirements in the order that your interests and time allow.

Declaration of Agreement & Commitment

Please read the following declarations and sign below.

Through the many conversations, common meals, meetings, and readings that I have shared in during my exploration of Heartwood, I can and do say today:

Heartwood looks and feels like the place I want to live, I am ready to join the Community; I understand and endorse Heartwood's Vision, Values, Interpersonal and other Agreements;

I understand that the tremendous benefits of living in Community come with significant responsibilities that each of us must uphold;

To the the degree that each of us is individually capable, I understand these responsibilities to be in the areas of

- 1) Ongoing personal growth
- 2) Developing and maintaining positive interpersonal relationships; and
- 3) Actively participating in the ongoing work of running a small village of 24 homes, and the stewarding of our many resources, be they natural, community-built, and/or community fabric;

I also understand that there is a Community-level appreciation and acceptance that each of us will have periods of time in which we are simply unable to "show up" as fully as we would otherwise desire; that it is OK for each of us to be less present in those times; and that my friends and neighbors in the Community will look forward with me to the time I will return with full presence;

Heartwood looks and feels like the place I want to live; I am ready to join the Community.
